NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
MARCH 31, 1995
(UNAUDITED)

- The accompanying unaudited condensed consolidated financial statements have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to such rules and regulations, although management believes that the disclosures contained herein are adequate to make the information presented not misleading. These unaudited condensed consolidated financial statements should be read in conjunction with the financial statements and related notes appearing in the Partnership's Form 10-K for the year ended December 31, 1994.

2. In the opinion of management, the accompanying unaudited condensed consolidated financial statements reflect all adjustments, consisting of only normal accruals, necessary to present fairly the Partnership's financial position at March 31, 1995, the results of operations for the three months ended March 31, 1995 and 1994 and cash flows for the three months then ended.
3. The results of operations for the three months ended March 31, 1995 are not necessarily indicative of the results to be expected for the full year.

PS PARTNERS IV, LTD.
MANAGEMENT'S DISCUSSION AND ANALYSIS
OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Results of Operations:

THREE MONTHS ENDED MARCH 31, 1995 COMPARED TO THREE MONTHS ENDED MARCH 31, 1994:

The Partnership's net income for the three months ended March 31, 1995 was \$212,000 compared to \$80,000 for the three months ended March 31, 1994, representing an increase of \$132,000. This increase was primarily due to increased operating results at the Partnership's mini-warehouse facilities combined with an increase in interest income and a decrease in depreciation expense, partially offset by increased general and administrative expenses and minority interest in income for those properties held in joint venture with Storage Equities, Inc. ("SEI").

Rental income was \$3,527,000 compared to \$3,325,000 for the three months ended March 31, 1995 and 1994, respectively, representing an increase of \$202,000, or 6%. Rental income at the Partnership's mini-warehouse facilities increased from \$2,601,000 in 1994 to \$2,704,000 in 1995, representing an increase of \$103,000 or 4.0%. Rental income at the Partnership's business park facilities increased from \$724,000 in 1994 to \$823,000 in 1995, representing an increase of \$99,000 or 13.7%. The increase in rental income at the business park facilities is principally due to the buyout of a lease (\$90,000) by a tenant which vacated its leased space prior to the termination of the lease at one of the facilities. The weighted average occupancy levels at the mini-warehouse and business park facilities were 88% and 96%, respectively, for the three months ended March 31, 1995 compared to 87% and 95% respectively, for the three months ended March 31, 1994. The monthly average realized rent per square foot for the mini-warehouse and business park facilities was \$.56 and \$.78, respectively, for the three months ended March 31, 1995 and \$.55 and \$.78, respectively, for the three months ended March 31, 1994.

Cost of operations (including management fees) were \$1,609,000 and \$1,528,000 for the three months ended March 31, 1995 and 1994, respectively, representing an increase of \$81,000. This increase was primarily attributable to increases in property tax expense and repairs and maintenance.

General and administrative expenses increased from \$37,000 in 1994 to \$55,000 in 1995 or \$18,000. This increase is principally a result of non-recurring expenses totaling \$15,000 incurred in connection with having the Partnership's facilities undergo environmental studies.

MANAGEMENT'S DISCUSSION AND ANALYSIS
OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS
(Continued)

Minority interest in income increased \$43,000 to \$887,000 from \$844,000 for the three months ended March 31, 1995 and 1994, respectively. This increase was primarily attributable to increased operations at the Partnership's real estate facilities for those properties owned jointly with SEI.

Liquidity and Capital Resources

The Partnership has adequate sources of cash to finance its operations, both on a short-term and long-term basis, primarily from internally generated cash from property operations and cash reserves. Cash generated from operations (\$1,698,000 for the three months ended March 31, 1995) has been sufficient to meet all current obligations of the Partnership.

During 1995, the Partnership anticipates approximately \$806,000 of capital improvements (of which \$327,000 represents SEI's joint venture share). Total capital improvements were \$107,000 for the three months ended March 31, 1995 of which \$63,000 represents the Partnership's share.

The Partnership paid distributions to the limited and general partners totaling \$890,000 (\$6.96 per unit) and \$109,000, respectively, during the first three months of 1995. Future distribution rates may be adjusted to levels which are supported by operating cash flow after capital improvements and any other necessary obligations.
